THE RAILWAY WAR.

No Collision Yet—The Question Still in the Courts.

[Special to THE TIMES.]

Winnipeg, Oct. 25—Judge Taylor delivered judgment yesterday morning dismissing the injunction granted the C. P. R., restraining the Red River road from crossing their line. The Government immediately took steps to make a forcible crossing, but the C. P. people applied for another injunction, which was granted. The hearing will take place Friday. A monster mass meeting was held last night at which strong resolutions were passed condemning the C. P. R. Two hundred citizens were sworn in as special constables. The C. P. R. declare their intention to restrain a crossing till the decision is by the Supreme Court next month.

Indignation meetings are being held at the provincial towns, and the action of the Canadian Pacific is strongly denounced.

An excursion which left here for the Pacific coast yesterday was not largely patronized, only about two dozen taking advantage of the low rate.

A freight train left the track yesterday near Rat Portage, and delayed the west express three hours.

FROM OTTAWA.

The Walkem-Higgins Libel Case—Settling Old Accounts.

[Special to THE TIMES.]

Ottawa, Oct. 24—Mr. Scarth, M. P., Winnipeg, is here seeing the Government on the railway squabble.

Gordon E. Corbould, C. J. Major and Miss Malnor, New Westminster, arrived this afternoon.

A petition was received to-day from the inhabitants of Victoria by the Government re the mail service between Victoria and San Francisco. The post office department said there is a daily mail service, which is sufficient.

Mr. Blake finished his argument for the respondent, Higgins vs. Walkem, this afternoon, speaking strongly against the publication of the article, which the writer said was not true, but which if he did not publish, Walkem would not get an opportunity to contradict. He asked that a new trial should not be granted, but admitted the right of the court to modify damages. Judgment was reserved. The court rose before four, owing to the illness of Justice Strong.

Delegations are here to-day from the Ontario and Quebec governments arranging outstanding debts between both provinces and the Dominion. All were settled to-day but Indian annuities, involving an item of half a million.

A meeting of the Railway Committee of the Privy Council was held for further consideration of the request of the Manitoba government to cross the Pembina Branch of the Canadian Pacific. At the request of counsel an adjournment was made to November 2nd.

A force of 160 mounted police will form a patrol along the boundary of Southern Manitoba, beginning about the middle of November. The patrol will be on the look out for timber stealers from Dakota.

The delay of the government in not appointing a judge to the vacancy caused by the death of Judge Henry is a great drawback to the business of the court and litigation in the country. If Strong is not able to sit to-morrow, the court will adjourn to the 6th of November.

T. Mowatt, Inspector of Fisheries for B. C., says there are seven inches of snow along the Intercolonial Railway, and at one place freight trains are snow bound.

A False Report.

In the proceedings of last week's meeting of the City Council, published in the *Colonist* on the day after, the following was reported:

Ald. Styles thought in the case calling for applications for the position of chief of police, the advertisement should be inserted in all the papers.

Ald. Braden—Except THE TIMES?

Ald. Styles—Except THE TIMES?

We did not refer to the matter at the time for the reason that the report was untrue, in the sense at least that it conveyed a wrong impression to the reader's mind as to what was intended. A Vancouver paper, which ought to know how our morning contemporary's reports are "cooked," copied the paragraph and commented upon what it described as "a mean action" in terms not unfavorable to THE TIMES. A Victoria contemporary next took the question up and in a lengthy leader defined what it conceived to be the true position of the press on the question of "patronage," &c., which article our Vancouver friend reproduced for the benefit of its local contemporary. All this about nothing. The remarks attributed to Aldermen Braden and Styles were used *sotto voce* and in a jocular way, and we feel certain that both gentlemen condemn the use to which they were put. In justice to those gentlemen we make this explanation.

VANCOUVER NEWS.

Storm on the Inlet—China Steamers Land Sale, &c.

[From our own Correspondent.]

Vancouver, Oct. 23—It has been blowing a strong westerly gale all day, making it rather interesting for the boatmen around the wharves. About 9 o'clock this morning Messrs. Walker & Hayden's boat-house broke loose from its moorings at the foot of Cambie street and drifted down on that of Mr. Matheson at the foot of Abbott street, carrying with it all boats that lay in its track. Mr. Henderson's Mayflower was jammed in against the city wharf, but with the aid of a number of the by-standers she was extricated from her perilous position and safely moored in the lea of the dock, as were several other boats that broke loose from their moorings. The steamer Lenora was well drenched in crossing from Moodyville, the spray often times flying clear over her smoke stack. The captain of the Nellie Taylor deemed it wise not to attempt to cross the Inlet under such circumstances. Two boatmen started in a row boat for Moodyville but were glad to seek shelter in the cove east of Hastings Mill. The Sir James Douglas, which is lying in the harbor, began to steam up this morning, but as the wind increased she cooled down and was content to lie peacefully at anchor. The Yosemite arrived at 10 o'clock having experienced the full benefit of the wind and waves in the Gulf.

The steamship Duke of Westminster 2426 tons, Capt. Reynolds, sailed for the Orient yesterday afternoon. Her cargo consisted of 964 tons weight, chiefly composed of flour, cotton and a quantity of lumber from Moodyville. Her passenger list was as follows: Saloon—Miss Pleace and three children, Hon. J. Montague, Earl of Ancrum, Miss Duncan, Miss Lewis, Walter Finch, Page, Richard Talbot, Mr. and Mrs. Kabane, Captain Walton. She also carries a large number of Chinamen as steerage passengers.

The Parthia, which is at present taking on a large cargo of cotton, flour, lumber, and other merchandise, will probably sail on Friday or Saturday next.

Mr. J. Miller, postmaster of this city, has lately received a letter from J. Devoe, the Chief P. O. Inspector at Ottawa, stating that "information is required for the preparation of plans for the new postoffice building which it is proposed to erect at Vancouver."

Misses Lewis and Duncan, special correspondents of the Toronto *Week* and the Montreal *Star*, respectively, left on the Duke of Westminster yesterday for a tour through Japan. They were highly pleased with their sojourn in the terminal city and gave evidence of their faith in its future greatness by investing in some property on Granville street before they left, as did also W. F. Page, of Japan, the Earl of Ancrum and the Hon. J. Montague.

After considerable strategy, and a very exciting chase, the police succeeded in capturing one of the canoes which were detected in the act of smuggling away goods from this place. The small steamer Nellie Taylor was chartered at an early hour Sunday morning to pursue the Indians, who it was learned had gone out of the harbor. Near Point Atkinson they were sighted and one of them secured, but the other spread his sail before a stiff breeze and was soon out of danger of the officers of the law. Concealed beneath the blankets of the captured canoe were found eight cases of red gin. The other one, it has been learned, contained twelve cases. The party who sold them the liquor was fined $100 and costs.

The sale of government lands which took place in the Wilson hall to-day was postponed from 11 o'clock a. m. to 1 o'clock p. m., when a large crowd attended and the bidding was kept up pretty lively and prices ranging from $10 to $88 an acre, according to quality and location were realised. One commendable feature of the sale was the unselfishness exhibited towards the squatters, who were permitted, in almost every instance to purchase at the upset price. The sale will be continued to-morrow at 11 a. m.

October 24, 1888—The "Midnight Adieu" Quadrille club gave their initial dance in the Wilson Hall last night. There were about thirty couples present and a most delightful time was spent. Refreshments were served in the course of the evening, and in keeping with the significance of its title the club dispersed at 12 o'clock. It is arranged to meet every first and third Tuesday of each month for their regular hop.

The Methodist Tabernacle at the corner of Dunsmuir and Hamilton streets, is being enlarged so that it will hold 1100 people. It is the intention to have it ready for the Moody meetings. X.

SPECIAL DISPATCH.

Good Jokes Played on Telegraph Operators.

For the past two days the operators in the city telegraph office have been amusing themselves by playing practical jokes whilst waiting for repairs in the wires north of Nanaimo. During the absence of one of the operators at luncheon the remainder fixed up a battery and wires in a room adjoining the office in which the dispatches are received. When the good looking operator returned he picked up an eastern paper and ensconced himself in the only large easy chair in the office. In a few minutes the click, click of the instrument was heard and he hurriedly prepared for the rush of business which follows the repair of a breakage. The click of the machine showed that New Westminster was calling. The announcement was then made that the wires were O. K. A long dispatch was transmitted from the inner room followed by about a yard of press news which was promptly written down by the young man at the instrument. The last message sent was a conglomeration of words and ended with the four letters R A T S. This was the best joke of the season in the telegraph line. To-day the operators subscribed ten cents each to purchase a supply of Chicago fruit. The long, fat, operator was selected to make the purchase and divide, which he did with much profit to himself. The fruit consisted of decayed apples and bananas. The former he handed to the three cadiverous operators and pocketed the bananas. The apples cost ten cents, the bananas thirty. When one gentleman received his share (two decayed apples) he yelled "Clirist(ie)pher Columbus, hand me my Mackintosh for I perceive a bald arch fiend's work in giving me these De(e)cayed apples."

Children Cry for Pitcher's Castoria.

ALL THE WORLD OVER

A Gang of Men Effect the Crossing of the C. P. R.—Force Meets Force.

Parnellism and Crime—Damaging Admissions—Another Cable Break.

Toronto, Oct. 25—The *Globe* to-day in an article headed "Treason at Ottawa," says: "Considering that Canada paid fifteen million dollars to further the Red River Valley Railway, that Sir John pledged himself to further it, and that there is great danger of riots and insurrection arising from obstruction, it is not extravagant to charge the Premier and his colleagues with treason. They have plainly conspired against the people whose interests they are elected and paid to promote."

WILL CLEAR THE TRACKS BY FORCE.

Winnipeg, Oct. 25—Attorney-General Martin has inserted a flaming advertisement in the papers calling for special constables to go out to-morrow morning to clear the tracks of the Canadian Pacific. He will not accept the decision of the Courts and will resist the crossing. Excitement runs high and trouble is expected.

A force of twenty-five provincial policemen in charge of Chief Clark, and about 30 track layers left the city last night at midnight and drove to Headingly, 15 miles distant, where the Portage line crosses the Glenbow Branch of the Canadian Pacific Railway. Under cover of darkness they succeeded in crossing and a force of armed policemen are protecting it. An injunction has also been obtained prohibiting the Canadian Pacific to interfere with it. A large number of men were brought in from Port Arthur and other eastern points to-day to reinforce the little army. The Canadian Pacific have stationed at the southwestern crossing.

CONSERVATIVE TRIUMPH.

Toronto, Oct. 25—Willoughby has been declared elected for East Northumberland by a majority of three.

DEPOSIT FORFEITED.

Montreal, Oct. 25—The sub committee of finance this morning declared that the G. T. R. having failed to build a new depot to the value stipulated, viz: $300,000, that the deposit of $10,000 be declared forfeited.

IRREGULAR PAPER.

Montreal, Oct. 25—The inspectors of Jamieson & Tates' accounts have discovered that a large portion of their paper is irregular. It is believed to have been issued by a son of one of the partners who represented the firm at Toronto and who has left the limits.

EASTERN CO.'S CABLE BREAKS AGAIN.

London, Oct. 25—Another break in the Eastern Company's cables has occurred, making the second break within a fortnight. This and the recent stoppage of the Suez Canal is regarded as proving the utmost importance of the proposed cable and steamboat routes via Canada. It is noted, however, that a competing route to Australia is impossible without a service between England and Canada equal to the New York service.

EGAN'S STATEMENT.

Chicago, Oct. 26—Patrick Egan, treasurer of the Irish Land League in Ireland, and president of the Irish National Land League in America from 1884 to 1886, is in town. Speaking of the Parnell trial he said: "I have reasons to know that Parnell's counsel has material evidence now in his hands that will completely exclude the *Times* case." Asked if he would go to England to give evidence he said: "I know my evidence is indispensable and I have written to Parnell's attorneys, and I hold myself in readiness to testify before the subcommission at any place that may be named in America. My business will not permit me going to England." He claims that Parnell's vindication will create such a reaction in England as will break up the present Tory government.

THE DEFAULTER HUNT.

Quebec, Oct. 25—City detectives have been instructed to search S.S. Polynesian which is expected down from Montreal to-day. It is supposed that Axworthy, the Cleveland defaulter, is on board.

ACCIDENT AT A HUNT.

Montreal, Oct. 25—Baingarten, ex-master of the Montreal foxhounds, met with a serious accident at the hunt yesterday. Owing to the heavy condition of the country he was induced to dismount at a large ditch leading to his house. He crossed on foot but slipped and fell, the horse stepping heavily on him and seriously injuring his spine. Partial paralysis was caused.

PREEPER TO BE HANGED.

Halifax, Oct. 25—Judge Ribbee this morning sentenced Wm. Preeper to be hanged on January 16th, for murdering Peter Doyle, a farmer for whom he worked. He vehemently protested his innocence.

BISHOPS DISMISSED.

Belgrade, Oct. 25—Bishops Demetrius, of Hesob, and Hieanor, of Cauk, were dismissed from the Servian church for opposing King Milan's divorce.

PARNELL COMMISSION.

London, Oct. 25—Before the Parnell Commission to-day the Attorney-General resumed his address. He said the Land League had originated in America and the conspiracy was benefitted by American money. Members of the League in America were dynamiters and advocates of murder and they had Parnellites as accomplices. It is absurd to say that Parnell had no relations with Patrick Ford. A host of facts proved the intimate connection between the two.

PURCHASED FORGERIES.

London, Oct. 24—The Parnellites are elated over the admission of the *Times* solicitors that their client is in possession of a bundle of letters admittedly spurious, purchased in America. Sir Charles Russell demanded the production of the letters that the *Times* possessed, which were alleged to have been written by Messrs. Dillon, Bigger and other Parnellites. Mr. Soames, solicitor of the *Times*, filed an affidavit stating the documents had been had from an American named Roberts and some of them had proved upon examination, to be not genuine, and therefore were withheld in the *Times*-O'Donnel libel suit. This admission that some one of them had been supplying the *Times* with letters will have a direct bearing upon the Parnell-Egan forgeries. Davitt claimed to appear for himself and the court acceded. Attorney-General Webster continued his review of the *Times'* article on Parnellism and crime. Evidence would be adduced, he said, to prove that Mr. Parnell knew Egan and had supplied Sheridan and Boynton with funds to promote outrages in Ireland.

Sir Charles Webster accused Mr. Parnell of crime in his knowledge of the use of vast sums of money by the league for criminal purposes. According to the *Freeman's Journal* the receipts of the league from October 1879 to October 1881 were £144,890, only £44,977 of which was accounted for. Did Mr. Parnell know how the remainder was used? Had it been so expended that no open statement of the disposition could be given? If the league was a constitutional concern why were its books concealed?

MOODY'S MEETINGS.

What Must I Do to be Saved—An Impressive Address.

The steady downpour of rain last evening did not prevent the usual large crowd of eager listeners braving the inclemency of the weather to listen to the preaching of Mr. Moody at the Roller Rink. The usual preliminary services of singing and prayer having been concluded Mr. Moody read the 51st Psalm, in which he said David spoke thirty-three times of himself, and that's what we wanted to do, to look at ourselves and our faults and not at those of others. After singing and a short prayer by Mr. Moody, he said the subject for the evening was one that touched us all, and that was, "What Shall I do to be Saved." When people come out something besides hearing to the singing or for purposes of curiosity. There were many who had come to-night expecting to receive a blessing from the Lord, who was more willing to bless them than we were to ask Him. There were many things to keep people back from coming to Jesus and acknowledging Him as their Saviour. There was fear, prejudice and unbelief, all tending to keep men away from Him who was so willing to save them. We all need the grace which God gives. Fathers and mothers need it in their homes. All need to be saved and the great question was, "what must I do to be saved?" We cannot save ourselves. We need outside help. Christ died to save men, who when they give up the struggle, that moment they are saved. A woman who dreamt she was in a pit, looking up saw a star which she thought if she could reach she would be saved. She struggled up higher and higher till at last she was saved out of the yawning pit. Look to the Lamb of God, the Star of Bethlehem. Many have tried to save themselves by making vows and good resolutions, and then breaking them every time as soon as made, every time a failure. So many of us were waiting for feeling to save them, but it was Christ who saved and nothing else. The children of Israel, when about to take their departure out of Egypt, were directed to sprinkle their door posts with the blood of the sacrificed lamb, and when the destroying angel passed over the land that night the first born of the Egyptians were slain, the first born of the Israelites were saved. If we were sheltered behind the blood of the Son of God He would pass over you and you would be saved! The Blood is the Mercy Seat and the vilest of of vile can enter and obtain a full and free pardon. It is the finished work of Jesus that saves us and in His Blood our sins are washed away. When Noah was outside the ark he had but to make one step and he was saved. The criminal fleeing from justice and the avenger, towards the city of refuge, can he but reach its gates, is saved. In the time of slavery, the fugitive slave endeavored to reach the sheltering folds of the Union Jack in Canada, and if he succeeded was free forever. And so if you come here to-night a slave, you can if you will, go forth a free man. An Englishman came to America was naturalized and went to Cuba. It was the time of the war there. This man was taken up as a spy, tried by court-martial and sentenced to be shot. He claimed the protection of England and the United States, to no effect. The morning of execution came, the man was kneeling on his coffin, the black cap was pulled over his head, the soldiers were ready to fire. Just at this critical moment the English and American consuls galloped up on horseback, jumped off, ran towards the doomed man, unfolded the flags of their nations and wrapped the kneeling victim in their protecting folds The consuls then defied the Spanish officer to fire on the Union Jack or the Star Spangled Banner! (Applause) The speaker did not want applause; the applause wanted was when we were sheltered by the folds of the flag of Heaven! Let that flag shelter you and save you from all sin. If you want to be a soldier of the Cross under King Emanuel, make up your minds. You must receive Christ in order to become a soldier of Christ. The speaker related an instance of the war of secession, illustrating his argument. If you want to be at peace with yourself, at peace with God, then come this night to Christ.

All desiring to come to Christ were requested to rise and go to the enquiry room; while the hymn was being sung. Many responded to the call. The benediction was pronounced and the meeting brought to a close.

Mr. Moody in his address excelled himself in earnestness and pathos.

The services at the First Presbyterian Church this morning was largely attended. As was also the afternoon meeting at Pandora Street Methodist Church. There will be the usual meeting to-night at the rink, and to-morrow which will bring the mission to a close. Choir practice at 7.30.

DONALD NOTES.

Judge Vowell is down in the Fort Steele country holding a court of revision.

It is reported that Mrs. Kennedy and Mrs. Archer occupy the same dwelling-house at Golden, their two little children occupying the same cot. The Sisters of the Catholic convent at Kamloops will raise three of the Kennedy children.

A man named McLean was brought to the hospital on Friday from Whitehead & McLean's snowshed camp at Clanwilliam. He was suffering from severe injuries in the breast and head, and his recovery is in doubt. He is from Pictou county, Nova Scotia.

It is thought the snowshed contractors will be unable to finish up all the work allotted them this fall, owing to the scarcity of laborers at the present time.

THE TIMES AND PARNELL.

Late dispatches disclose the fact that the counsel for the Times acknowledged before the commission now sitting that some of the letters published in that paper in connection with "Parnellism and Crime," were forgeries. This is a most damaging admission on the part of the defendants. It would appear that now the Attorney-General as counsel for the Times, will attempt to base the accusations on the books of the suppressed Land League, which it is alleged show alarming deficiencies in the moneys received and expended. The Times claims that £100,000 of that fund were used for the purpose of assassination. If the letters published in the Times are forgeries, they must have been very cleverly executed to impose on the staff of a journal whose reputation has always been looked upon as above reproach. The editor in chief of that newspaper is, we believe, a very young man, with little or no journalistic experience, who was placed in a responsible and important position solely on account of his literary attainments. Young and ambitious, the editor may have been lead away by a too ardent zeal to strike a blow at the great agitators, who have for years past defied the power of parliament, the law and the press, to create a successful opposition to the cause they have so ably and tenaciously advocated. Had the Times succeeded in bringing home to them the charges of which they accuse the Parnellites, the result would have been to forever damage in the eyes of the British public a cause which has taken deep root in the minds of all. As a journalistic and political success it would have been indeed a grand effort, as it would place the claims of the too ardent editor first on the list of a party which he had so ably relieved from a pressing emergency. If the Times accusations are true, then indeed will journalistic enterprise have cause to triumph over Scotland Yard, but the result would be a heavy blow to the present detective system, which costs the country a great deal of money, from which the return is very poor indeed.

ANOTHER MONOPOLY.

A few days ago a Mr. PHINNEY and wife, of Seattle, were sojourning at the Harrison Hot Springs. The lady took suddenly ill and the aid of a medical practitioner from Kamloops was called in, who made what may well be considered an exhorbitant charge for attendance. In a new country generally the ordinary charge for this service is far in excess of that demanded in more settled communities, and properly so for various causes. As a rule medical charges in our towns are not exhorbitant. Our medical men have been incorporated by an act of the local Legislature, having certain powers and favors granted them. The Medical Board can practically regulate the influx of practitioners who do not come up to their standard of qualification. They, as it were, hold a monopoly of the practice. If the local legislature grant a charter to any corporate body, hedging them in against competition, they also should regulate and determine the fees to be demanded for attendance and traveling allowances. Extortion or overcharge for medical services may deter many from seeking to find a home in the province. It will certainly have the effect of preventing people from seeking the benefit of our climate and medicinal waters, which will result in incalculable injury being done to the general prosperity of the country if such cases as quoted are permitted to pass unnoticed. The evil complained of calls for redress and should receive the attention of the government and the Medical Board of British Columbia. There are many monopolies that need redress, but this last appears to be not less extortionate or unbearable than any of the others.

EDITORIAL NOTES.

It will soon be in order for our morning contemporary to adorn its crest with the motto D. O. B., defender of the bilk.

Sir John Macdonald predicts that Mr. Cleveland will be defeated at the coming election for the United States Presidency.

Hanging is evidently going out of fashion in Canada. There have been fourteen murders since the year opened, and only one execution.

The man who answers all political arguments with a proposition to bet, usually has more money than brains, and frequently has very little of either.

During the recent smallpox scare on the mainland a large number have been vaccinated there. This precaution is one perhaps too much neglected till people are brought face to face with the disease. To be effective it is generally admitted that vaccination should take place once at least every seven years and considering its simplicity and its effects on a virulent disease it is a wonder it is so much neglected.

Ottawa boasts sixty lawyers. But when the Chancery and County Courts sat the other day there were only two cases for them to wrestle with. If, as Macklin says, "the law smiles in your face while it picks your pocket, and the glorious uncertainty of it is of mair use to the professors than the justice of it," the people of Ottawa are to be congratulated upon their freedom from litigation. But, all the same, if the people will not fight to the death the lawyers cannot live.

MAPLE RIDGE.

A Very Successful Entertainment on Behalf of the Public School.

Notwithstanding the wet weather on Friday evening, a large number of people assembled at the school house on the occasion of an entertainment in behalf of the public school. Of late years Maple Ridge has been noted for the excellent programmes gotten up by its amateur talent. The record of last Friday evening's entertainment equalled, if not surpassed, all former efforts. At an early hour John Lusty, Esq., J. P., was unanimously voted into the chair, and the programme of the evening placed in his hand. The customary chairman's speech was necessarily brief and to the point. A chorus, "Waiting," followed, led by Miss Jennie Trembath, who officiated at the organ. The next was a solo, "Warrior Bold," by Mrs. Webber. This lady is a fine operatic singer, and sings with splendid effect. Rev. Mr. Stephens delivered a brief humorous address, and was succeeded by Mr. Harcus with a solo, "Highland Mary," Mr. Sinclair playing the accompaniment. The next was a solo, "The Man Behind the Plough," by Mr. Edmund Pope, who was encored, and sang a parody on "Grandfather's Clock," which took the house by storm. Mr. Pope was followed by a recitation, "Barbara Fritchie," by Mr. Webber. In reciting this famous piece, Mr. Webber's distinct articulation, proper emphasis, pathos and natural gesture were justly appreciated by the audience. The next was a solo, "The Drunkard's Child," in character, by Miss Sarah Braden, who was loudly applauded. A comic reading by Mr. Braden was followed by a chorus, "Resting on the Old Camp Ground." The last was a decided failure, but the wrath of the gallery was fully allayed by the duet "No, Sir," by Miss Nettie Braden and Mr. Pope, who were loudly encored. The next was a solo by Mr. Hampton, who was deftly answered by Mrs. Webber, by singing a continuation of the same solo, "Molly Darling." The scene was now changed. A brawny Scotchman, Mr. Hugh McKay, dressed in character, appeared on the stage and read the seventh epistle of "Hugh Airlie," which related the difficulties and disappointments besetting the writer's path, on the way to matrimony. Mr. McKay is an adept in acting Scottish character. His reading was received with thunders of applause. The next to appear on the stage was Mr. Spencer, who sang "The Scottish emigrant," in true Scottish style. Mr. Spencer was encored and in his next solo elicited immense applause. A native of the land of Burns, could not restrain his feelings, but jumped on the floor exclaiming, "It takes a Scotchman to do it!" After quietness was restored, Miss Nettie Braden, sung and played the accompaniment of the "Modern Church." This lady's musical taste and excellent voice are well known, and on this occasion she gave a good account of herself. Solos were sung by Mr. James Harris, Mrs. Webber, Mr. Pope, and a grand wind up by the choir, "Good Night" brought a pleasant and enjoyable time to a close.

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of tubercle germs into the system and when these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the head, causing catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your throat, lungs or nostrils, obtain a bottle of Boschee's German Syrup. It will give you immediate relief. *

The Right Time.

Probably there is no period in life more important for the mental and moral training of youths than that between eight and seventeen years of age. If the spring-time of life is well employed, good results may be expected in after years. No better preparation can be afforded boys in this province than that which may be obtained at Corrig School, which is already largely patronized, and which is weekly increasing in number

CITY COUNCIL.

The Building By-Law—Water to be Cut Off from Those in Arrears.

The regular weekly meeting of the Board of Aldermen was held at 8 o'clock last night. Present: His Worship Mayor Grant and a full Board.

Minutes of previous meeting read and on motion adopted.

COMMUNICATIONS.

From C. W. B. Thomson, asking for street lines on Pemberton street between Government and Store streets. Granted.

From E. E. Tucker, agent for Yates & Co., of San Francisco, offering oils for use at the electric light works.

Ald. Harris—This gentleman visited me and the communication is the result of an interview. The purchase of larger quantities of oil and coal would be a saving to the city. The communication was referred to the Electric Light Committee.

From Felix LeLaire, stating that the he has constructed two buildings on Johnson street and Waddington alley and requesting the Council to grade same. Referred to Street Committee.

From Messrs. Davie & Pooley, asking for payment of the sum of $464 dollars to a man named Phœnix.

His Worship said the claim should be paid if the Council thought the amount was not excessive.

Ald. Powell advised the Council to pay the claim. He appraised the goods belonging to Phœnix, which had been burnt and considered that the claim was very reasonable.

Ald. Braden said the Council should not rush into the courts to test a claim of this kind. The account was not excessive and money would be saved by immediately paying this bill. It might have been $1000.

The payment of the account was referred to the Finance Committee with power to act.

From Cowl & Vandenver, of Chicago, enclosing invoice of 10,000 carbons for electric light. Received and filed.

From E. G. Prior & Co., owners of a building on Johnson street, which cost $1000. They wished to open a carriage shop in the building and asked permission to place windows in the place which is not allowed under the Building By-law.

Ald. Braden said he knew it was against the law to place a window in a building. If people can put on a new roof and put in new floors, surely the risk is not so much in putting new windows in this building.

Ald. Vigelius said one of the parties called on him and was referred to the City Surveyor.

Ald. Powell thought the present building bylaw was a wrong one. It would not hold water in a court. He moved that the matter be referred to the Fire Wardens.

Ald. Coughlan said he would like to see the building altered to allow the people to go into the place. It was a hardship but the by-law is before the Council and it would not be proper to refer the matter to the Fire Wardens.

Ald. Harris said he would like to see brick buildings going up in the city; but not 100 miles from the city hall and within 100 years a wooden building is placed on piles and stands in plain view of every one.

His Worship said the by-law was a remarkable one and some discretion should be given the Building Inspector in cases of this description.

A motion was made that the communication be referred to the Building Inspector and Legal Advisers.

Ald. Harris said there is too much of the legal adviser in the Council. No one knows what the legal bill will be this year. Either give the permission or say that the alterations cannot be made.

Ald. Vigelius—There is a little wooden fire-trap adjoining the St. Nicholas hotel, which is undergoing repairs. The fire by-law was made for the benefit of the city and had been in force for several years. It was tested in the Supreme Court and the by-law was declared constitutional. He would like to see the work done, but the by-law stared the Council in the face.

Ald. Harris moved, seconded by Ald. Braden, that Mr. Prior be allowed to place two windows in the building. The amendment was carried.

Ald. Vigelius—Let everyone with fire-traps make all the alterations they wish. The by-law was made to protect the city against fire and it is wrong to make any concessions even in this case.

From Charles Wilson, solicitor for Kate Marble, informing His Honor, Justice Richards, Q. C., that an appeal case will be heard in the Supreme Court to quash a conviction made in the police court. The woman was fined in the police court for keeping a house of ill-fame. Referred to the City Barrister.

From the legal advisers, stating that application was made to Messrs Allsop & Mason, agents of the Guarantee Company, for $2000, surety for the late treasurer, T. Russell.

From W. Godfrey, asking for a sidewalk on Princess avenue. Referred to Street committee to report.

From R. Munro, calling attention to the crossing at the junction of Princess avenue and Douglas streets. Referred to Street committee.

From G. A. McTavish, asking to have the drain deepened from Mrs. McTavish's residence to St. Ann's Convent.

Ald. Styles said the matter will be attended to immediately.

The communication was received and filed.

From S. Perry Mills stating that two letters were written regarding the injuries received by Miss Beauchamp; counsel complained that the letters were unanswered.

Ald. Powell considered that the legal advisers were not attending to the business of the city very promptly.

The communication was referred to the City Barristers.

From S. Perry Mills, stating that Simeon Duck was willing to furnish his own personal bond for $10,000 and asking for the necessary papers. Referred to City Barristers.

From Chas. Ireland, applying for permission to remove a quantity of earth from the north side of Toronto street, James Bay, for garden purposes. The matter was left in the hands of the Street committee.

ACCOUNTS.

From Dr. Hannington, $10; from F. Evans, $20 for reporting in the Police Court and other accounts aggregating $1623, were referred to the Finance committee.

PETITIONS.

From six residents of Douglas street, north of Market street, asking for better drainage. Referred to Street Committee.

From Alex McDonald and others, calling attention to a defective drain on Government street, near Courtenay street.

Ald. Styles said the drain will be attended to as soon as possible. The intention is to put in a wooden drain.

From R. B. McMicking, stating that a number of globes are required for the Brush electric light. Referred to Electric Light Committee.

REPORTS.

From the Street Committee recommending that Fisgard street, between Government and Store streets be placed in proper repair. Adopted.

From the Hall Committee recommending various improvements in the Treasurer's office. Adopted.

MISCELLANEOUS.

From T. J. Partridge, stating that a number of consumers of water, other than those who pay at stated periods, are in arrears. The collector wished to know how these parties should be dealt with.

A motion to cut off the water from all consumers, except those paying at stated periods, was carried. The motion to take effect on Dec. 1st next.

Ald. Harris said he found the old seal of the city a few days ago and as it was wrong to have two seals in existence one should be destroyed.

The Council then adjourned to the Mayor's office to consider business which was not of a public nature.

CITY AND PROVINCE.

—Holloway's Corn Cure destroys all kinds of corns and warts, root and branch. Who then would endure them with such a cheap and effectual remedy within reach?

—Much distress and sickness in children is caused by worms. Mother Grave's Worm Exterminator gives relief by removing the cause. Give it trial and be convinced.

—The potato is the most impressionable vegetable—at least it's oftenest mashed.

—A short road to health was opened to those suffering from chronic coughs, asthma, bronchitis, catarrh, lumbago, tumors, rheumatism, excoriated nipples or inflamed breast and kidney complaints, by the introduction of the inexpensive and effective remedy, *Dr. Thomas' Electric Oil.*

—They say that all wealth comes from the soil. It is suspected, also, that not a little soil comes from wealth.

—*H P. MacCarthy*, wholesale and retail druggist, Ottawa, writes: "I was afflicted with Chronic Bronchitis for some years, but have been completely cured by the use of *Dr. Thomas'* Electric Oil in doses of five drops on sugar. I have also a pleasure in recommending it as an embrocation for external use.

—A movement is on foot in New York to erect a statue to the memory of the late Lester Wallack, the comedian.

—The public should bear in mind that *Dr. Thomas' Electric Oil* has nothing in common with the impure, deteriorating class of so-called medicinal oils. It is *eminently pure* and *really efficacious*—relieving pain and lameness, stiffness of the joints and muscles, or sores or hurts, besides being an excellent specific for rheumatism, coughs and bronchial complaints.

—During a violent thunder storm throughout Nova Scotia a young man named McDonald was killed at Hopewell with his two horses while he was harressing.

—Most excruciating are the twinges which rack the muscles and joints of the rheumatic. Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, by promoting increased action of the kidneys, by which the blood is more effectually depurated, receives through the natural channels certain acrid elements in the circulation which produce rheumatism and gout. The medicine is also a fine laxative anti-bilious medicine and general corrective.

—J. A. Gillies, barrister, Sydney, N. S. has been awarded $4000 damages, against Prothonotary Brookman, who violently assaulted Gillies with a thorn-stick on June 30th.

—Mrs. A. Nelson, Brantford, writes: "I was a sufferer from Chronic Dyspepsia for eleven years. Always after eating an intense burning sensation in the stomach, at times very distressing, caused a drooping and languid feeling, which would last for several hours after eating. I was recommended by Mr. Popple, of Toronto, our city, to try Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, and I am thankful to say that I have not been better for years; that burning sensation and languid feeling has all gone, and food does not lie heavy on my stomach. Others of my family have used it with best results."

A Collecting Dodge.

The grocers of New Brunswick, N. J., have hit upon a novel method of bringing their debtors to terms. At a secret meeting, it was resolved that the association of grocers employ a person to dun the debtors in this manner. A wagon is to be purchased, one side side of which is painted in glaring letters, "New Brunswick Grocer's Association Collecting Bureau." The driver is instructed to draw up before the door of a debtor, and after waiting a reasonable time for passers by to notice the object of the visit, to ask for the amount of money outstanding. This plan to be repeated until the debtor for shame's sake pays the bill. A similar plan was some time ago declared illegal in a New York case.

Downfall of a Singer.

Mme. Ilma De Murska, the once famous soprano, is now living in Washington in comparative poverty. In 1873 she started on a tour around the world and arrived in this city in 1879. She intrusted her money to a friend who spent it in gambling. An effort will be made to provide for her return to her native land.

Size of Woman's Heart.

A German doctor has discovered that the masculine heart weighs more and is larger in proportion than the susceptible organ possessed by the gentler sex. This statement is another blow for woman to parry and explain away to her own satisfaction. She has been able to endure the physiological fact that her brain weighs less than tyrant man's, but when it comes to her own pet cardiac region, she hasn't the spirit of a mouse if she submits to any scientific shrinkage of its generous proportions.

Vernon Horse Races.

The annual horse races at Vernon on the 11th inst. was one not as largely attended as is usual on such occasions. A few were present from each locality from Grand Prairie to Okanagan Mission. A good many were disappointed. There were only five races, one heat in each. Mr. Smith, of Kamloops, was the chief winner, although the Postill horse, Knight of Okanagan Mission, took the prize from him in the mile race. As is usual in such gatherings there were some that imbibed too freely of the ardent. The most enjoyable part to lovers of Terpsichord was the dancing which followed. Messrs. Fisher and Brent favored us with their music. The dancing was kept up for two evenings, the first evening at the Victoria Hotel and the succeeding evening at Mr. Trorson's. Who can say how many matrimonial alliances may have been contracted by this social gathering?

Alex. McDougall, showing up at the races, was arrested and tried for assaulting Ed. Postill some time ago. He plead guilty and was fined $25 and costs.

CRIMINAL LIBEL SUIT.

Further Evidence in the Case Against the Colonist.

After disposing of minor cases in the the police court this morning, the criminal libel suit brought at the instance of Mayor Grant against W. H. Ellis and A. G. Sargison, proprietors of the *Colonist*, was taken up. S. Perry Mills and J. R. Hett appeared for the prosecution; Theo. Davie, Q. C., defended.

His Honor—Mr. Davie, this case was adjourned to give you a chance to prove that you can cross-examine.

Mr. Davie—Yes, your Honor, the remand was granted to give me time to prove that I can cross-examine and call witnesses for the defence. If counsel for the defense is debarred from cross-examining in a libel suit, they cannot cross-examine in any criminal case in the police court. It is a question whether evidence for the defence can be heard at the preliminary examination.

His Honor—I will not object to a cross-examination of witnesses for the prosecution.

Mr. Davie—I will concede that I have no right to call witnesses, but will claim the right to cross-examine. There is no distinction in our statutes between libel and any other charges.

His Honor—Our law is not as liberal as the English law. The right has been given to cross-examine and I have not kept strictly to the rule in the past.

Mr. Davie—The right is opposed now and it is necessary to give a decision regarding my right to cross-examine. What I wish to prove is that there are cases in which prosecutors are not committing a libel when they publish articles which might be libelous on some parties and not so in regard to others.

His Honor decided to take all the evidence required by the state.

Mr. Davie said that if the principle contended for by the prosecution was maintained then there could be no right to cross-examine in this court on libel or otherwise.

His Honor—Mr. Davie's argument had a double meaning.

Mr. Mills denied the contention as put by Mr. Davie.

His Honor—The question is are the parties guilty.

Mr. Davie—The point contended by the prosecution amounted to this, that in no case could they call witnesses only for the prosecution, and the defendants have no right to call witnesses to disprove the libel.

His Honor—I have no doubt whatever about the rights claimed by the prosecution.

Mr. Davie—There is no right for the defence to call evidence according to the decision. The statutes of Canada allowed the claim of the defense. The law was different than that quoted of Jarvis. The correct course would be to let witnesses be put in the box and the questions taken down and disallowed by his Worship if improper. Mr. Grant had better go into the box.

Mr. Mills—No. Mr. Rithet was in the box. The contention was that the right to cross-examine was limited. He quoted a case in point. Mr. R. P. Rithet signed his evidence.

Mr. Davie asked that Mr. Grant be put in the box.

Mr. Mills said that it was he who was conducting the case, not Mr. Davie.

His Honor—The prosecution promised to put Mr. Grant in the box; why not do so?

Mayor John Grant, examined by Mr. Mills—Am Mayor of the city of Victoria; (examined the *Colonist* newspaper of October 3rd;) see a letter headed "Who Connived at Thomas Russell's Escape?" (which Mr. Grant read;) am the Mayor referred to in the article; Thomas Russell referred to was Treasurer and Collector for the Corporation till some time last month, when he left for the States; there is a charge for embezzlement and fraud of the Corporation funds against him; am not in position to say whether there was a warrant issued or not; the paper handed me appears to be a warrant signed by D.R. Harris, J. P., for Russell's arrest; there is, he believed, minutes to ratify the proceedings of the Council before Russell left for the States; it appears by the minutes that he was suspended before he left; the minutes were confirmed by the action of the Council, at which I was present; know the defendants; they are the publishers of the *Colonist* newspaper; such appears from the heading of the paper; the *Colonist* has not been friendly to me since I was elected Mayor; their conduct has been unfair and untruthful; reports of my action as Mayor and words have been—(Mr. Davie objected;) the *Colonist* papers of Sept. 27, 28 and 29 are published by defendants and were delivered to me by their agent. Referring to the paper of September 27, and the report of the Council meeting, held the evening previous, I am made to appear absurd. The one of the 28th has an editorial headed, "The Mayor and the Aldermen," which states a great deal that is not correct. There are many things in an article headed, "The Mayor on His Mettle," which is an attempt to bring me into ridicule. I instructed Mr. Hett to communicate with the proprietors of the *Colonist* for the name of the writer of the article signed "Taxpayer." The reply received from Mr. Davie stated that the name would not be given up.

Mr. Davie was whispering to the *Colonist* reporter when Mr. Mills turned round and said: "Go ahead, Mr. Reporter, cook your report."

The Court then adjourned until 2 p.m.

AFTER RECESS.

The case was continued and 3 p. m. adjourned until Tuesday next. The time was taken up with argument by counsel.

IMPORTING POSTOFFICE MEN.

Injustice to Mail Clerks—High-Handedness of the Government.

From whisperings which are heard from the thriving terminal city they have their own grievances there against the Dominion Government. Trouble is said to be brewing there in regard to an appointment to the post office, which has just been made. The postmaster it appears has been asking for an assistant or more pay, and recommended that one of the mail agents on the C. P. R. trains get the position. The department ignored all representations of this kind, and has appointed Mr. Frank Harrison, a second-class railway clerk working on the Manitoba Division, to the position. The duties consist of attending to the money order business and the Chinese mails. The incumbent of the office is to receive as remuneration $1.50 per day expenses in addition to his regular salary, is to be raised to first class and to receive also the chief railway mail clerkship for the B. C. division at the same time retaining his position in the office at Vancouver. The gross injustice of this is easily seen when it is known that there are two or three of the mail clerks eminently qualified for any position in the gift of the department. One of them it is said has been in the service for some sixteen years, but although a man of good ability and a perfect master of the work in every respect he was overlooked in the latest appointment. Another clerk who has occupied the position of assistant postmaster at New Westminster for years, who was popular with the public and perfectly competent for the work has been passed over for the eastern favorite who has a good "pull" on the department. Indeed there are said to be several clerks on this division more competent for the work than the one who received the appointment.

This furnishes another illustration of the uselessness of the British Columbia members at Ottawa. They are either never consulted in these appointments, or if they are they do not enforce the claims of our people with sufficient force and determination. If they are protesting in vain they have their remedy. Let them inform the government just how far they will support them and the people will back them up in it. But it appears our members have not back-bone enough for anything.

NEW WESTMINSTER.

The Libel Suit Compromised—The Railway Survey.

[Special to THE TIMES.]

New Westminster, Oct. 23—The celebrated libel suit of Fagan vs. Cooper came up again for hearing before Hon. Mr. Justice McCreight and a special jury. The defendant claimed, through his counsel, that his words were misrepresented; that he had no intention of imparting unskilful treatment by Dr. Fagan of the deceased Alexander McLeod. The case was therefore finally settled by each party paying a portion of the costs of the court.

The Victoria, Saanich and New Westminster railway line is located as far up as Ewen's cannery. It is expected to be completed to Westminster in about ten days.

The C. P. R. Co. have placed two new elegant cars on the Vancouver and Westminster route much to the satisfaction of the traveling public.

New Westminster, Oct. 25—Dr. Bentley received a dispatch yesterday from Dr. McLean, physician in charge of the smallpox patients at Walwa, the place near the American boundary, announcing the death of Mrs. Van Luren from smallpox at that place on Monday last. The deceased was 34 years of age and leaves a husband and several children.

P. McTiernan, Indian agent, who returned from the Squamish river, states that there was two cases of smallpox there among the Indians, and that two children had died lately from the disease. The Indians stated to the agent that they were satisfied they caught the disease from castaway bedding they fished up on the beach at Vancouver.

A man named Thomas Monis, who has resided here above a year, and who has lately showed signs of insanity, was, on being examined by a medical board, pronounced insane and committed to the Provincial asylum.
